README for BPIPPRM Version 04274 and 19191_DRFT Examples

Contained within this directory are examples of a simple, single tiered rectangular building (Rect) and a single tiered L-shaped building (L) of similar size processed for AERMOD using both BPIPPRM versions 04274 and 19191_DRFT for comparison. The building footprint, coordinates for each of the vertices, and stack location are illustrated in the figure below. The building elevation is 0.0 m, building height is 16.0 meters, stack height elevation is 0.0 m, and stack height is 20.0 meters
